SOCCER BALL OPERATING INSTRUCTIONS

DESCRIPTION

Soccer Ball is an interactive skill bulk vendor based on the competitive play of foos ball.

GAME OBJECTIVE

The interactive play consists of a gumball, superball or round candy product dropping onto the play field with each player attempting to hit the product into the goal of the opposing player. Upon hitting product into opponents goal the product drops into the product chute on the winners side of the game.

GAME FEATURES

- < Intense interactive play
- < Suitable for all ages
- < Vends gumballs, 27mm super balls, jawbreakers, or round candy sweet tarts
- < Winner Every Time
- < Custom logos available

MACHINE FEATURES

- < Heavy duty metal construction
- < Default coin mechanism is 25¢. A 50¢, 75¢, \$.100 or token coin mechanism can be used
- < Optional counter available

OPERATING INSTRUCTIONS

1. Carefully remove all bubble and protective wrap from unit.
2. Locate four carriage bolts, eight flange nuts and feet.
3. Stand unit on end, see figure 1.
4. Fold down hinged legs onto floor, see figure 1.
5. Place cross bar into place on bottom center of unit and fastened with 2 flange nuts, see figures 2 and 4.
6. Fastened other end of cross bar to the legs using 2 carriage bolts and 2 flange nuts, see figure 3.
7. Repeat steps 5 & 6 for remaining cross bar, see figure 5.
8. Double check all nuts to ensure proper tightening.
9. Screw feet into legs, see figures 6 and 7.
10. Carefully tip unit onto legs, see figure 8.
11. Adjust feet to level game for best play.
12. Fill product storage bins by removing lock in top lid, see figure 9.
13. Place unit in location allowing room for players on both sides of unit.
